

NEW 

# Stay Ahead of the Curve

At Kegel we are always looking to extend the boundaries of performance, yet we don't want to overlook our current customers. With that in mind, we have developed Curve, a lane conditioner that advances the capabilities of all our existing six thousand Sanction® Technology Lane Machine owners worldwide.

**CURVE**  
LANE CONDITIONER

Curve, Kegel's newest lane conditioner, has been designed to extend our line of performance products and give you more hook when you want it. With Kegel's new custom G3 Additive, Curve delivers consistent ball motion frame after frame and has more predictable game three ball reaction. It is pinsetter friendly, has low carry down characteristics, and cleans easily making it the perfect solution for your bowling center.
